

MIS 4433-001, Fall 2026
Project Management
Michael F. Price College of Business
Management Information Systems
Tuesday/Thursday 6:00 – 7:20 p.m.
Adams Hall 3106

Instructor:

Darin Purintun
3225D Adams Hall (main campus)
darin.l.purintun@ou.edu
Course website: <https://canvas.ou.edu/courses/494590>

Office Hours:

Main Campus: Tuesday/Thursday -7:30pm – 9:00pm. I am most accessible via e-mail as I check my e-mail throughout the day. I can schedule a zoom meeting anytime that is convenient for you. I can meet in the office as well (please schedule in advance).

Course Prerequisite: Graduate standing

Course Description:

The emphasis of the course will be on identifying, communicating, and achieving stated IT business goals. Provides the student with the knowledge of how to create, organize, and execute a plan to achieve a defined business objective. This course will present management ideas, terms, strategies, and best practices for executing projects in an IT environment.

Required Textbook:

Kathy Schwalbe, *An Introduction to Project Management*, Eighth Edition – Predictive, Agile and Hybrid Approaches with AI. Schwalbe Publishing. ISBN -9798246285893

Suggested Readings:

Ingram, Audrey. (2024, August 6). *How to create and document your project requirements*. Write Effective Project Requirements in 4 Steps. (n.d.). <https://www.hellobonsai.com/blog/project-requirements>

Yuskevych, M. (2024, March 18). *A guide to writing non-functional requirements for an app: Perpetio*. Mobile Application Design & Development Expertise. <https://perpet.io/blog/a-guide-to-writing-non-functional-requirements-for-your-mobile-app/>

Visser, C., Trichter D., Sohal A. (2024, July 24). *The Ultimate Guide to Mobile App Accessibility in 2024*. Accessibility Checker. <https://www.accessibilitychecker.org/guides/mobile-apps-accessibility/>

Katcher, Dan. (2024, January 29). *Mobile App Testing: Ensuring Quality and Performance*. <https://www.rocketfarmstudios.com/blog/mobile-app-testing-ensuring-quality-and-performance/>

Gordon-Bennett, Chaviva. (2025, December 29). *Project management best practices for modern teams in 2026*. <https://monday.com/blog/project-management/project-management-best-practices/>

Pratt, M. K. (2024, March 7). *How ai is transforming project management: TechTarget*. Search Enterprise AI.
<https://www.techtarget.com/searchenterpriseai/feature/How-AI-is-transforming-project-management>

Course Learning Outcomes

Upon successful completion of the course the student will be able to:

1. Understands the best practices for project planning, execution, monitoring and closing.
2. Demonstrates knowledge of fundamental project management terms and techniques.
3. Develop skills identifying, communicating, and achieving defined business objectives.
4. Enhance teamwork and communication skills essential for working in a project environment.
5. Apply project management tools and techniques to a real-world scenario.

Course Content: NOTE: This syllabus is subject to change at the discretion of the instructor to accommodate instructional and/or student needs. It is the student's responsibility to keep abreast of such changes.

Instructional Methods/Student Activities: Instructional methods and student activities for this course include: a team project, written assignments, classroom exercises, and classroom discussion.

Course Requirements: Students are expected to work individually as well as part of a team. Course requirements, and their respective values, are listed below. Students are requested to complete the following:

Assignment	Assigned	Due	Points
Group Selection	8/25	9/1	0
Assignment 1 – Project Management Example	8/27	9/3	20
Quiz 1	9/1	9/8	10
Quiz 2	9/3	9/10	10
Assignment 2 – Work Breakdown Structure and Critical Path Analysis	9/10	9/17	25
Group Project – Milestone 1		9/22	0
Assignment 3 – Cost Management/Earned Value	9/29	10/6	25
Quiz 3	10/6	10/13	10
Quiz 4	10/8	10/15	10
Group Project – Milestone 2		10/29	0
Quiz 5	11/5	11/12	10
Assignment 4 – Project Communication	11/10	11/17	20
Group Project – Milestone 3	""	12/3	0
Classroom Knowledge Checks and Activities	Throughout		40
Class Reflection	12/3	12/10	20
Final Exam	12/10	12/10	150
Final Group Project Submission	8/27	12/11	150
Total:			500

You will need to plan enough time to complete the assignments and projects. Adequate time for them has been allotted. They may be submitted prior to their due date. Assignments are due at the end of the class on the day specified. If you need to miss a class, you are responsible for turning in assignment(s) prior to the missed class. Assignments should be single-spaced documents submitted via Canvas course website.

Late Policy

Late work will not be graded, and zero (0) points will be reflected for the assignment.

Grading Policy:

Grades	Points or Percentage
A	90 – 100%
B	80 – 89.99%
C	70 – 79.99%
D	60 – 69.99%
F	Below 60%

Instructor Bio:

Darin Purintun is a part-time Adjunct of Instructor Management Information Systems. He has taught several courses within the undergraduate and graduate programs at the University of Oklahoma. Darin worked in a senior technology leadership role for a local utility company, where he oversaw and directed several large technology projects. Darin has worked in several other IT roles during his career, including programming, database administration, information architecture, strategic alignment, project management, project implementation consulting, and information security. He holds a Bachelor of Science Degree in Mathematics and Computer Science, Master of Science Degree in Management Information Systems and Master of Business Administration.

University Policies

Mental Health Support Services

Support is available for any student experiencing mental health issues that are impacting their academic success. Students can either be seen at the University Counseling Center (UCC) located on the second floor of Goddard Health Center or receive 24/7/365 crisis support from a licensed mental health provider through [TimelyCare](#). To schedule an appointment or receive more information about mental health resources at OU please call the UCC at 405-325-2911 or visit [University Counseling Center](#). The UCC is located at 620 Elm Ave., Room 201, Norman, OK 73019.

Title IX Resources and Reporting Requirement

The University of Oklahoma faculty are committed to creating a safe learning environment for all members of our community, free from sex-based discrimination, including sexual harassment, domestic and dating violence, sexual assault, and stalking, in accordance with Title IX. There are resources available to those impacted, including: speaking with someone confidentially about your options, medical attention, counseling, reporting, academic support, and safety plans. If you have (or someone you know has) experienced any form of sex-based discrimination or violence and wish to speak with someone confidentially, please contact [OU Advocates](#) (available 24/7 at 405-615-0013) or [University Counseling Center](#) (M-F 8 a.m. to 5 p.m. at 405-325-2911).

Because the University of Oklahoma is committed to the safety of you and other students, and because of our Title IX obligations, I, as well as other faculty, Graduate Assistants, and Teaching Assistants, are mandatory reporters. This means that we are obligated to report sex-based violence that has been disclosed to us to the Institutional Equity Office. This means that we are obligated to report sex-based violence that has been disclosed to us to the Institutional Equity Office. This includes disclosures that occur in: class discussion, writing assignments, discussion boards, emails and during Student/Office Hours. You may also choose to report directly to the Institutional Equity Office. After a report is filed, the Title IX Coordinator will reach out to provide resources, support, and information and the reported information will remain private. For more information regarding the University's Title IX Grievance procedures, reporting, or support measures, please visit [Institutional Equity Office](#) at 405-325-3546.

Adjustments for Pregnancy and Related Issues

Should you need modifications or adjustments to your course requirements because of pregnancy or a pregnancy-related condition, please request modifications via the [Institutional Equity Office](#) website or call the Institutional Equity Office at 405/325-3546 as soon as possible. Also, see the Institutional Equity Office [FAQ on Pregnant and Parenting Students' Rights](#) for answers to commonly asked questions.

Reasonable Accommodation Policy

The University of Oklahoma (OU) is committed to the goal of achieving equal educational opportunity and full educational participation for students with disabilities. If you have already established reasonable accommodations with the Accessibility and Disability Resource Center (ADRC), please log into iAdvise to request your semester accommodations as soon as possible and contact me privately, so that we have adequate time to arrange your approved academic accommodations.

If you have not yet established services through ADRC, but have a documented disability and require accommodations, please complete [ADRC's pre-registration form](#) to begin the registration process. ADRC facilitates the interactive process that establishes reasonable accommodations for students at OU. For more information on ADRC registration procedures, please review their [website](#). You may also contact them at (405)325-3852 or adrc@ou.edu, or visit www.ou.edu/adrc for more information.

Note: disabilities may include, but are not limited to, mental health, chronic health, physical, vision, hearing, learning and attention disabilities, pregnancy-related. ADRC can also support students experiencing temporary medical conditions.

Religious Observance

It is the policy of the University to excuse the absences of students that result from religious observances and to reschedule examinations and additional required classwork that may fall on religious holidays, without penalty. [\[See Faculty Handbook 3.15.2\]](#)

Final Exam Preparation Period

Pre-finals week will be defined as the seven calendar days before the first day of finals. Faculty may cover new course material throughout this week. For specific provisions of the policy please refer to OU's [Final Exam Preparation Period policy](#).

Emergency Protocol

During an emergency, there are official university [procedures](#) that will maximize your safety.

Severe Weather: If you receive an OU Alert to seek refuge or hear a tornado siren that signals severe weather.

1. Look for severe weather refuge location maps located inside most OU buildings near the entrances.
2. Seek refuge inside a building. Do not leave one building to seek shelter in another building that you deem safer. If outside, get into the nearest building.
3. Go to the building's severe weather refuge location. If you do not know where that is, go to the lowest level possible and seek refuge in an innermost room. Avoid outside doors and windows.
4. Get in, Get Down, Cover Up
5. Wait for official notice to resume normal activities.

Additional [Weather Safety Information](#) is available through the Department of Campus Safety.

The University of Oklahoma Active Threat Guidance

The University of Oklahoma embraces a Run, Hide, Fight strategy for active threats on campus. This strategy is well known, widely accepted, and proven to save lives. To receive emergency campus alerts, be sure to update your contact information and preferences in the account settings section at one.ou.edu.

RUN: Running away from the threat is usually the best option. If it is safe to run, run as far away from the threat as possible. Call 911 when you are in a safe location and let them know from which OU campus you're calling from and location of active threat.

HIDE: If running is not practical, the next best option is to hide. Lock and barricade all doors; turn off all lights; turn down your phone's volume; search for improvised weapons; hide behind solid objects and walls; and hide yourself completely and stay quiet. Remain in place until law enforcement arrives. Be patient and remain hidden.

FIGHT: If you are unable to run or hide, the last best option is to fight. Have one or more improvised weapons with you and be prepared to attack. Attack them when they are least expecting it and hit them where it hurts most: the face (specifically eyes, nose, and ears), the throat, the diaphragm (solar plexus), and the groin.

Please save OUPD's contact information in your phone.

NORMAN campus: *For non-emergencies call (405) 325-1717. For emergencies call (405) 325-1911 or dial 911.*

TULSA campus: *For non-emergencies call (918) 660-3900. For emergencies call (918) 660-3333 or dial 911.*

Fire Alarm/General Emergency

If you receive an OU Alert that there is danger inside or near the building, or the fire alarm inside the building activates:

1. *LEAVE* the building. Do not use the elevators.
2. *KNOW* at least two building exits
3. *ASSIST* those that may need help
4. *PROCEED* to the emergency assembly area
5. *ONCE safely outside, NOTIFY first responders of anyone that may still be inside building due to mobility issues.*
6. *WAIT* for official notice before attempting to re-enter the building.
